

OUR INSTITUTE

Our institute is more than a language school for German and over forty other languages.

We offer creative-courses, organize excursions both in Berlin and further afield, and in our salon concerts exhibitions and workshops take place.

Our bright and spacious rooms situated in a beautiful modern house in the student area of Berlin's Eastside contribute to the particular learning atmosphere found here. Friedrichshain is well known for its international culture scene and pulsating nightlife.

Sprachenatelier is recognized by the Berlin Senate. All our teachers are native speakers, have a 3rd-level-qualification and distinguish themselves through good preparation, the use of varied methodology and technical expertise.

LANGUAGE COURSES IN SPRACHENATELIER

Languages are best learned through speaking. For this simple yet effective method, Sprachenatelier offers many varied and creative possibilities. Fun and humour is an integral part of our approach.

Right from the onset, a strong emphasis is placed on the ability to communicate in a realistic setting. As a result, all courses including from beginners and onwards are conducted through German and students become emerged in the language and are allowed to frequently and without inhibition practice their speaking. All four skills: listening, reading, speaking and writing are honed concurrently with grammar and vocabulary learning.

A new language grants access to a new culture. Those who take part in our German courses learn not only the German language but also a lot about German culture. Classes are divided into small groups with an average of 10 people.

All courses follow the Common European Framework of Reference for Languages (CEFL) and can be used accordingly to prepare students for the relevant examinations.

FOREIGN LANGUAGE COURSES

A new world of languages and cultures is to be discovered without even leaving Berlin City Centre. Choose from over 40 languages be it something completely new and exotic or something you want to brush up on. We also offer preparation courses for internationally recognized language exams including IELTS, Toefl and Cambridge Certificate.

It is wide spectrum of international cultural achievement, whereby the main focus is on the young and pulsating culture scene.
